

My family and I listen to Airl in and around Phoenix and would be affected by LPFM stations taking priority over the current FM translator services.

Airl serves as the only Alternative Christian Rock station in the area. It is the only FM Station I and my family listen too.

If Airl were to be displaced by an LPFM broadcaster providing other programming, my family and I would not have a GOOD, CLEAN, CHRISTIAN, rock station to listen to.

The service provided by Airl is in the best interest of the public. Not only do they provide GOOD, CLEAN, CHRISTIAN music, they have several outreach programs that help people in need.

Please do not displace them with an LPFM station.

Thank You,
Donald R. Smallman
